

THURSDAY, MARCH 20, 2014			
7:00 a.m. – 8:00 a.m.	CANP CONTINENTAL BREAKFAST		
8:15 a.m. – 9:15 a.m.	KEYNOTE		
9:30 a.m. – 10:45 a.m. In-Track Sessions	<p><b>A. Name That Syndrome</b> <b>Speaker:</b> Catherine Goodhue, MN, RN, CPNP-PC <i>This presentation will cover the common genetic disorders seen in infancy and early childhood and will include diagnosis, primary care, and specialty care for those affected.</i> <b>RX 0%</b></p>	<p><b>B. Lobbying at Every Level</b> <b>Speaker:</b> Angela Golden, DNP, FNP-C, FAANP <i>Create your own roadmap for using the lobbying process to change scope of practice laws or general patient care issues.</i> <b>RX 0%</b></p>	<p><b>C. Epilepsy in Children &amp; Adolescents: How to Evaluate, Medicate &amp; Educate</b> <b>Speaker:</b> Julie Sprague-McRae, MS, RN, PPCNP-BC <i>Primary care nurse practitioners often collaborate with neurologists to co-manage children and adolescents with epilepsy. This presentation focuses on how to evaluate, medicate and educate.</i> <b>RX 75%</b></p>
10:45 a.m. – 11:00 a.m.	CANP NETWORKING BREAK & EXHIBIT HALL OPEN		
11:00 a.m. – 12:15 a.m. In-Track Sessions	<p><b>A. The Aftermath of Angelina Jolie's Decision</b> <b>Speaker:</b> Sylvia S. Estrada, DNP, MSN, MSHCM, WHNP-BC, CBCN <i>A growing number of U.S. women are asking healthcare providers whether they should undergo genetic testing and a prophylactic mastectomy after Angelina Jolie's revelation.</i> <b>RX 10%</b></p>	<p><b>B. ICD-10: What You Need to Know</b> <b>Speaker:</b> Jill Olmstead, MSN, NP-C <i>ICD-10 will be implemented October 1, 2014. By understanding the difference between the ICD-9 data you will choose the most accurate ICD-10 code.</i> <b>RX 0%</b></p>	<p><b>C. Pharmacotherapy for Chronic Pain Management</b> <b>Speakers:</b> Nicole Una, NP, BSN, RN, MSN Chenin Kenig, NP, BSN, RN, MSN <i>Chronic pain can be treated with a number of medication classes. We will discuss the use of these varying classes, including non-opiate and opiate medications.</i> <b>RX 70%</b></p>
12:15 p.m. – 1:30 p.m.	CANP LUNCH		
1:30 p.m. – 2:45 p.m. In-Track Sessions	<p><b>A. ABC's of Ablations</b> <b>Speaker:</b> Mary Eng Huntsinger, RN, MSN, CNS, ACNP-BC <i>Ablations for atrial arrhythmias are being performed on increasing numbers of patients today. This presentation will cover indications, preparations, procedure and post-care of these patients.</i> <b>RX 30%</b></p>	<p><b>B. Evaluation of Thyroid Nodules in Primary Care</b> <b>Speaker:</b> Linda Goldman, DNP, FNP, WHNP-BC <i>The Nurse Practitioner will gain increased skills needed to correctly evaluate, diagnose, treat, and refer patients who present with benign and malignant thyroid nodules.</i> <b>RX 10%</b></p>	<p><b>C. Tales from the Crib: Updates in the Identification &amp; Management of Pediatric Non-Accidental Trauma</b> <b>Speaker:</b> Kristi Westphal, MSN, CPNP <i>Welcome to tales from the crib: A "head to toe" on what the nurse practitioner needs to know for quality assessment and management of pediatric non-accidental trauma.</i> <b>RX 0%</b></p>
1:30 p.m. – 4:30 p.m. Workshop	<p><b>Treating Substance Abuse in the Primary Care Settings</b> <b>Speakers:</b> Susan Stemmler, PhD, MPH, FNP, CNM Kathleen McDermott, MSN, PMHNP <i>Integrate ACA requirements for substance abuse into your primary care setting. Set goals with evidence-based treatment: using medication, motivational interviewing and cognitive therapies. Workshop practicum will review case studies and simulate brief interventions.</i> <b>RX 20%</b></p>		

In-Track sessions = 1.25 CEUs. Workshops = 3 CEUs. Additional Fees apply to Workshops.

<p><b>3:00 p.m. – 4:15 p.m.</b> In-Track Sessions</p>	<p><b>A. COPD Current Medical Management</b> <b>Speaker:</b> Angela Golden, DNP, FNP-C, FAANP <i>Current Medical Therapy will review diagnosis, staging and treatment of patients with COPD using the 2013 GOLD Guidelines.</i> <b>RX 60%</b></p>	<p><b>B. Resilience and Professional Quality of Life Critical Attributes</b> <b>Speaker:</b> Colleen Leners, DNP, ENP, FNP-BC, APRN <i>Recruitment, retention of qualified medical professionals is difficult. Recognizing early signs of burnout, secondary trauma, utilizing screening tools with interventions, may increase resilience, job satisfaction.</i> <b>RX 0%</b></p>	<p><b>C. Abnormal Liver Function</b> <b>Speaker:</b> Donald Gardenier, DNP, FNP-BC <i>Focusing on diagnosis and management, this session will review abnormal liver function tests, their significance, and treatment</i> <b>RX 0%</b></p>
<b>CANP NETWORKING BREAK &amp; EXHIBIT HALL OPEN</b>			
<p><b>4:15 p.m. – 4:30 p.m.</b> In-Track Sessions</p>	<p><b>A. Rx for Obesity</b> <b>Speakers:</b> Beth Haney, DNP, NP, Karen Deck, MSN, FNP-BC, Susan Tiso, DNP, FNP-BC <i>This presentation will provide an overview of the causes of obesity and current options for nurse practitioners who manage overweight or obese patients.</i> <b>RX 15%</b></p>	<p><b>B. Managing the Care of Pregnant LGBT Patients</b> <b>Speaker:</b> Rebecca Goldfader, MSN, NP <i>LGBT individuals are choosing to build families more than ever before. The unique care needs of this population, across the pregnancy continuum, will be explored.</i> <b>RX 0%</b></p>	<p><b>C. Palliative Medicine &amp; NP's</b> <b>Speaker:</b> Anne Moore, RN, MSN, FNP-c <i>Nurse practitioners can provide important care at the end of life. Participants will be given the history, definitions and tools for developing a Palliative Medicine sub-specialty.</i> <b>RX 0%</b></p>
<b>5:45 p.m. – 6:45 p.m. RECEPTION</b>			
<b>FRIDAY, MARCH 21, 2014</b>			
<p><b>6:00 a.m. – 7:00 a.m. CANP YOGA WITH FE  </b> Water and towels provided. Namaste. <i>Yoga with CANP is open to all levels, from beginner to expert. Although yoga poses are a physical exercise, they have the added benefit of bringing great balance to the mind, body and spirit. A morning yoga practice is a great way to energize before a busy conference day.</i></p>			
<b>7:00 a.m. – 8:00 a.m. CANP CONTINENTAL BREAKFAST</b>			
<p><b>8:15 a.m. – 9:15 a.m. CANP LEGISLATIVE UPDATE 2014</b> <b>Speaker:</b> Kristy Wiese, CANP Legislative Advocate <b>RX 0%</b></p>			
<p><b>9:30 a.m. – 10:45 a.m.</b> In-Track Sessions</p>	<p><b>A. What Causes Burning Breast Pain During Lactation</b> <b>Speaker:</b> Christine Betzold, NP, IBCLC, MSN <i>A meta-analysis finds a 7-8 times higher risk of testing positive for S. aureus, Candida or both, among lactating women experiencing deep breast pain.</i> <b>RX 10%</b></p>	<p><b>B. Fibromyalgia</b> <b>Speaker:</b> Theresa Mallick, RN, MSN, ANP-BC <i>Updates in diagnostic criteria, along with expanded options for pharmacological and behavioral therapies will be presented as new innovations into fibromyalgia treatment and management.</i> <b>RX 40%</b></p>	<p><b>C. Reducing Heart Failure Readmissions—It Takes A Village!</b> <b>Speaker:</b> Kim Newlin, RN, CNS, NP-C, FPCNA <i>Sutter Roseville Medical Center has developed a successful program to address transitions for patients with Heart Failure, reducing readmissions through a multidisciplinary, cross-continuum approach.</i> <b>RX 0%</b></p>
<p><b>9:30 a.m. – 12:30 p.m.</b> Workshop</p>	<p><b>Radiology Fundamentals: Understanding the Chest &amp; Abdomen</b> <b>Speaker:</b> Ronald Thompson, MD <i>The lines and shadows on X-ray films can be confusing. This presentation shows the participant how to look at abdominal films in a logical sequence that makes sense.</i> <b>RX 0%</b></p>		
<b>10:45 a.m. – 11:00 a.m. CANP NETWORKING BREAK &amp; EXHIBIT HALL OPEN</b>			

<p><b>11:00 a.m. – 12:15 a.m.</b> In-Track Sessions</p>	<p><b>A. (NSO) Nurse Practitioner Liability Exposures—A Contemporary View</b> <b>Speaker:</b> David Griffiths <i>A review of current CA NP claim data contrasted with data for NPs from across the county. The session includes claim scenarios as a risk education tool.</i> <b>RX 0%</b></p>	<p><b>B. Management of Medications in Mother’s Milk</b> <b>Speaker:</b> Christine Betzold, NP, IBCLC, MSN <i>When prescribing medications to breastfeeding mothers, clinicians must understand how to weigh the risk of the medication vs. the benefit of breastfeeding.</i> <b>RX 75%</b></p>	<p><b>C. Expanding Allergy Treatment in Primary Care</b> <b>Speaker:</b> Kevin Letz, DNP, MSN, MBA, RN, CEN, FNP-C, ANP, CS, PNP, BC <i>This presentation will describe advanced diagnostic and treatment options for allergic disease in the primary care environment.</i> <b>RX 50%</b></p>	
<b>CANP LUNCH</b>				
<p><b>1:30 p.m. – 2:45 p.m.</b> In-Track Sessions</p>	<p><b>A. The Nurse Practitioner Role in Transitions of Care: One Institution’s Experience</b> <b>Speakers:</b> Tari Gilbert, MSN, FNP-BC Eileen Haley, MSN, CNS <i>The Transition Nurse Specialist provides patient education, medication reconciliation, compliance with lab work and physician follow up, patient education and coaching for self-management. This presentation will focus on the HIV patient population and the emerging role for NP’s in the transitions of care model.</i> <b>RX 0%</b></p>	<p><b>B. Alcohol Abuse and Dependence: How it Affects Your Patient</b> <b>Speaker:</b> Kristin Rhodes, RN, MSN, FNP-C <i>Identifying alcohol abuse, understanding the disease of addiction, recognizing intoxication and knowing how to support and refer without enabling can help you improve patient care.</i> <b>RX 5%</b></p>	<p><b>C. Adopting an EHR/PHR &amp; Meaningful Use for Entrepreneurial NP’s</b> <b>Speaker:</b> Naushad Godrej <i>NPs who provide 30% of services to Medicaid patients can receive up to \$63,750 in Meaningful Use incentives over six years. An NP with his/her own practice are shown and discuss how to become an eligible practitioner in the Medicaid Meaningful Use incentive program; how Meaningful Use implementation is staged, and how to qualify for incentives by using a certified EHR/PHR.</i> <b>RX 0%</b></p>	
<p><b>1:30 p.m. – 4:30 p.m.</b> Workshop</p>	<p><b>EKG Boot Camp</b> <b>Speakers:</b> Emily Caldwell, RN, MSN, ACNP-BC Christina Criago, RN, MSN, ACNP-BC <i>Designed for nurses with an interest in advancing their knowledge of 12-lead EKGs, this workshop will provide dynamic, customized EKG interpretation for practical application.</i> <b>RX 15%</b></p>			
<p><b>3:00 p.m. – 4:15 p.m.</b> In-Track Sessions</p>	<p><b>A. Cannabinoids</b> <b>Speaker:</b> Theresa Mallick, RN, MSN, ANP-BC <i>This program will provide Nurse Practitioners with an understanding of the pathophysiology of the Endocannabinoid System, current research, and science behind the use of cannabinoids.</i> <b>RX 30%</b></p>	<p><b>B. Neuroendovascular Treatment of Aneurysms &amp; Vascular Malformations</b> <b>Speakers:</b> Emily Rorden, MSN, RN, ACNP-BC, CNRN, SCRN, CCRN Veronica Moreno, RN, MSN, CNRN, ACNP-BC <i>Neuroendovascular surgery has revolutionized the treatment of cerebral vascular lesions. Join us for a descriptive overview of endovascular treatment of aneurysms and vascular malformations.</i> <b>RX 1%</b></p>	<p><b>C. Atrial Fibrillation: Beyond Primary Care</b> <b>Speakers:</b> Stephanie Hoyt Yoakum, RN, MSN, ACNP-BC Mary Eng Huntsinger, RN, MSN, CNS, ACNP-BC <i>Atrial fibrillation (AF) is the most common type of arrhythmia. This session will focus on advanced management of AF including antiarrhythmic drug therapy, ablation, anticoagulation and more.</i> <b>RX 50%</b></p>	<p><b>D. Brain Death and Organ Procurement in the ICU</b> <b>Speakers:</b> Travis Bradley, MSN, CEN, ACNP Kimberly A. Alva, BSN, MSN, ACNP-C <i>Brain death is a difficult diagnosis for families and clinicians to understand. This lecture will review brain death criteria and discuss current issues around organ donation.</i> <b>RX 5%</b></p>
<b>4:15 p.m.– 4:30 p.m. CANP NETWORKING BREAK &amp; EXHIBIT HALL OPEN</b>				

In-Track sessions = 1.25 CEUs. Workshops = 3 CEUs. Additional Fees apply to Workshops.

<p><b>4:30 p.m. – 5:45 p.m.</b> In-Track Sessions</p>	<p><b>A. Stopping Prediabetes in its Tracks</b> <b>Speaker:</b> Nancy Moy, FNP, CDE, BC-ADM <i>Pre-diabetes is a precursor to the development of Type 2 diabetes. Early detection and intervention is crucial to stop or delay progression.</i> <b>RX 50%</b></p>	<p><b>B. What's New in WIC</b> <b>Speaker:</b> Leslie Kaye, MS, RD, CLE <i>Learn about the new food package, nutrition education, pilot programs and how to refer clients.</i> <b>RX 0%</b></p>	<p><b>C. The Application of Quantum Physics in Medicine</b> <b>Speaker:</b> Tracey Fremd, NP <i>National attention is focused on the increase of reported and non-reported medication and illicit drug use in pregnancy in the past 10 years. National guidelines for screening pregnant women for drug and alcohol use will be highlighted.</i> <b>RX 10%</b></p>	<p><b>D. Assessment &amp; Treatment of Adrenal Fatigue</b> <b>Speaker:</b> Deborah Maragopoulos, MN, APRN, BC-FNP <i>Learn to assess and treat adrenal dysfunction with an integrative medical approach using nutritional therapeutics including adaptogenics, glandulars and foundational support for the hypothalamus.</i> <b>RX 15%</b></p>
<p><b>6:30 p.m. – 10:00 p.m.</b> <b>AWARDS GALA AND LUAU</b> <i>CANP is delighted to host a fun luau-themed dinner and entertainment following the annual awards and Evening Gala. This is your chance to celebrate the year's accomplishments, enjoy a relaxing evening with friends, and shake your hips at the luau!</i></p>				
<p><b>SATURDAY, MARCH 22, 2014</b></p>				
<p><b>6:30 a.m. – 7:30 a.m.</b></p>	<p><b>CANP 5K FUN RUN/WALK</b> <i>Ready. Set. GO! Enjoy the cool seaside morning with an invigorating walk, jog or run with fellow conference attendees along an easy 5K (3.1 miles) course. Always a conference highlight, the 5K Fun Run/Walk is a great way for members, exhibitors, sponsors and guests to come together and get moving before the day's educational sessions. All participants receive a T-shirt, water and a snack at the end of the race. Registration is \$15 per person. Check in begins at 6:30 a.m.</i></p>			
<p><b>7:30 a.m. – 8:30 a.m.</b></p>	<p><b>CANP CONTINENTAL BREAKFAST</b></p>			
<p><b>8:30 a.m. – 9:45 a.m.</b> In-Track Sessions</p>	<p><b>A. Focus on Reducing Readmissions: How to Keep Your Heart Failure Patient Out of the Hospital</b> <b>Speaker:</b> Peggy Kirkwood, RN, MSN, ACNPC, CHFNP, AACC <i>This presentation will review heart failure care according to the 2013 AHA/ACC Guidelines and provide information on best practices to keep patients from being admitted and readmitted for heart failure.</i> <b>RX 25%</b></p>	<p><b>B. Non-Invasive Imaging: What the Nurse Practitioner Should Know</b> <b>Speakers:</b> Lauren Damato, BSN, ACNP-BC Rick Carlston, MSN, RN, CANP-BC <i>The purpose of this presentation is to review the standard non-invasive imaging modalities, indications for ordering studies, and physiologic impact that imaging can have on the patient. We will also provide a basic review of the interpretation of the upright chest x-ray.</i> <b>RX 5%</b></p>	<p><b>C. Understanding Mesothelioma: Not Just a Late Night Lawyer Commercial</b> <b>Speaker:</b> Graciela Hoal, RN, MSN, ACNP-BC <i>This lecture will focus on risk factors, clinical and radiologic findings, and current lung-sparing treatment options in patients with malignant pleural mesothelioma.</i> <b>RX 0%</b></p>	<p><b>D. Anti-Arrhythmia Drugs: Practical Points for Primary Care</b> <b>Speaker:</b> Jill Harris, RN, BSN, MSN, ACNP-C, CNS <i>Identification of cardiac arrhythmias often occurs in the primary care setting. Patients are becoming increasingly reliant on the nurse practitioner to provide initial anti-arrhythmic treatment.</i> <b>RX 0%</b></p>

<p><b>8:30 a.m. – 11:30 a.m.</b> Workshop</p>	<p><b>Migraine Headaches</b>  <b>Speaker:</b> Theresa Mallick, MS, ANP-BC  <i>Discussion of the pathophysiology, symptom presentation and current recommended treatments, including hands-on practice of trigger point injections using Botox™ to treat chronic migraines will be reviewed.</i>  <b>RX 0%</b></p>			
<p><b>10:00 a.m. – 11:15 a.m.</b> In-Track Sessions</p>	<p><b>A. Starting Your Own Practice: Fantasy or Real</b>  <b>Speaker:</b> Melanie Balestra, JD, NP, MN  <i>SB 491 did not pass. What does that mean to nurse practitioners who want their own business? This session will address the types of entities under which a nurse practitioner can function as well as the pitfalls and advantages of each entity, choosing the right collaborating physician, structuring the business, building credit, contracts and risk prevention including prevention of a BRN investigation. Any nurse practitioner who has ever thought of being an entrepreneur will benefit from this presentation.</i>  <b>RX 0%</b></p>	<p><b>B. The Hidden Causes of Obesity</b>  <b>Speaker:</b> Lauren Outland, DrPH, MSN, CNM  <i>A fuller understanding of weight homeostasis and how it is affected by a variety of health conditions is something that would benefit every practitioner to help promote health and avoid harm. After exposure to the latest key scientific developments covered in this presentation the nurse practitioner will be better able to provide best practice for their patients in the area of weight control.</i>  <b>RX 10%</b></p>	<p><b>C. How Cool is Cool? Evidence Based Practice for Whole Body Hypothermia in Neonates Suffering from Hypoxic Ischemic Events</b>  <b>Speakers:</b> Jenny Solano, MSN, NNP, BC                  Sandra Ellingson, DNP, MSN, PNP, BC, NNP, BC                  Mary Wyckoff, Ph D, MSN, ACNP, BC, FNP-BC, NNP, FAANP, CCNS, CCRN  <i>Session will include information on advanced concepts regarding neurological injury, treatment regimen and outcomes of infants with hypoxic ischemic events.</i>  <b>RX 0%</b></p>	<p><b>D. Keeping Abreast of Lactation Pharmacology</b>  <b>Speaker:</b> Mary DeNicola, DNP, FNP-BC  <i>Advance Practice Nurses need to know how to do an evidence-based risk benefit analysis regarding the safety of medication exposure for nursing mothers.</i>  <b>RX 90%</b></p>
<p><b>11:15 a.m. – 11:45 a.m.</b></p>	<p><b>CANP NETWORKING BREAK &amp; EXHIBIT HALL OPEN</b></p>			
<p><b>11:45 a.m. – 1:00 p.m.</b> In-Track Sessions</p>	<p><b>A. The Crisis of Pan Resistant Organisms: How to Know What to Prescribe</b>  <b>Speakers:</b> Jenny Solano, MSN, NNP, BC                  Sandra Ellingson, DNP, MSN, PNP, BC, NNP, BC                  Mary Wyckoff, Ph D, MSN, ACNP, BC, FNP-BC, NNP, FAANP, CCNS, CCRN  <i>Session will include information on antibiotics, different strains of bacteria and current guidelines and recommendations.</i>  <b>RX 75%</b></p>	<p><b>B. Introduction to Homeopathy for the Primary Care Nurse Practitioner</b>  <b>Speaker:</b> Linda Goldman, DNP, FNP, WHNP-BC  <i>The Nurse Practitioner will gain knowledge needed to evaluate the use of homeopathic agents in a variety of patients in primary care practices.</i>  <b>RX 75%</b></p>	<p><b>C. Resistant UTI's</b>  <b>Speaker:</b> Lori Guelman, RN, MSN, FNP-C  <i>UTIs are over diagnosed and over treated, contributing to the increasing trend of bacterial resistance. This presentation reviews updated guidelines and alternatives to antibiotics.</i>  <b>RX 5%</b></p>	<p><b>D. Aneurysmal Subarachnoid Hemorrhage</b>  <b>Speaker:</b> Carl W. Wherry, RN, MSN, ACNP-BC  <i>Discussion of the management of the patient following aneurysmal subarachnoid hemorrhage. Topics include pharmacologic prevention of re-rupture and delayed ischemic neurologic deficit.</i>  <b>RX 33%</b></p>
<p><b>1:00 p.m. – 2:15 p.m.</b></p>	<p><b>CANP LUNCH</b></p>			

<p><b>2:15 p.m. – 3:30 p.m.</b> In-Track Sessions</p>	<p><b>A. Chronic Hepatitis C: Update on Screening, Evaluation, and Management</b> <b>Speaker:</b> Donald Gardenier, DNP, FNP-BC <i>With a primary care focus, the risk factors, morbidity, treatment, and follow up of the patient with hepatitis C will be covered in this session.</i> <b>RX 50%</b></p>	<p><b>B. Experiences from the PREDIMED Study &amp; Other Clinical Trials: Effects on Cardiovascular Biomarkers &amp; More</b> <b>Speaker:</b> Carol Berg Sloan, RD <i>Evidence shows that the Mediterranean diet is protective against many illnesses, specifically CVD and may be beneficial in treatment as well. This session will provide updates from clinical and epidemiological studies emphasizing implications for practice, with a focus on the landmark PREDIMED study (PREvención con Dieta MEDiterránea) recently published in the NEJM.</i> <b>RX 0%</b></p>	<p><b>C. Review of Sleep Disordered Breathing</b> <b>Speaker:</b> Elizabeth Clauson, MSN, RN, APRN <i>Provide a review of sleep disordered breathing, focusing on sleep apnea and discuss the increasing prevalence, risk factors and current treatment options.</i> <b>RX 0%</b></p>	<p><b>D. Mothers of Premies, Breastfeeding Medicine &amp; Breastfeeding Outcome</b> <b>Speaker:</b> Christine Betzold, NP MSN IBCLC <i>For mothers of premature infants, it is imperative for maintenance of lactation that they have easy access to a breastfeeding medicine specialist with prescriptive privileges.</i> <b>RX 5%</b></p>
<p><b>2:00 p.m. – 5:00 p.m.</b> Workshops</p>	<p><b>Student Workshop: Professional Practice Issues for New Graduates</b> <b>Speakers:</b> Camille Fitzpatrick, MSN, ANP-BC, GNP-BC Susanne Phillips, MSN, FNP-BC <i>This session is designed for nurse practitioner students, recent graduates, and those new or returning to nurse practitioner practice; however, any registered conference participant may attend. The session helps the novice prepare for professional nurse practitioner practice. The session consists of three one-hour sessions. Participants may attend sessions individually.</i> <b>RX 0%</b></p>		<p><b>Evidence Based Practice. Ask, Acquire, Appraise; Librarian Workshop</b> <b>Speakers:</b> Frances Chu, MSN, MLIS Ruth Harris, MLIS <i>In this workshop, librarians will teach the basics of Evidence-Based Practice, creating PICO &amp; SPIDER statements, utilizing them for search strategies, and evaluating the literature.</i> <b>RX 0%</b></p>	
<p><b>3:45 p.m. – 5:00 p.m.</b> In-Track Sessions</p>	<p><b>A. Pain Management &amp; Addiction</b> <b>Speaker:</b> Leah Centanni, MSN, FNP-C <i>Provides information for safe and effective pain management, including assessment and treatment, along with education on addiction in light of today's prescription drug abuse epidemic.</i> <b>RX 50%</b></p>	<p><b>B. A Well-Coordinated Nursing Team Actualizing the IOM Report</b> <b>Speakers:</b> Jenny Solano, MSN, NNP, BC Sandra Ellingson, DNP, MSN, PNP, BC, NNP, BC Mary Wyckoff, Ph D, MSN, ACNP, BC, FNP-BC, NNP, FAANP, CCNS, CCRN <i>Session will include information on team dynamics and outcome statistics on infants who receive care from advanced nursing practice teams.</i> <b>RX 0%</b></p>	<p><b>C. Peri-Procedural Management of the Patient Undergoing Catheter Ablation</b> <b>Speaker:</b> Jill Harris, RN, BSN, MSN, ACNP-C, CNS <i>Management of the patient undergoing catheter ablation requires special attention to the indication for ablation, current pharmacologic therapy and concomitant medical conditions.</i> <b>RX 25%</b></p>	<p><b>D. Palliative Care for Elderly with Dementia in ED</b> <b>Speaker:</b> Conrad Rios, FNP-BC, PA, MS <i>This session will discuss the common conditions and misconceptions about palliative care for end-stage demented patients in the emergency setting.</i> <b>RX 0%</b></p>
<p><b>5:30 p.m. – 6:30 p.m.</b></p>	<p><b>RECEPTION</b></p>			
<p><b>6:30 p.m. – 7:30 p.m.</b></p>	<p><b>WESTERN UNIVERSITY ALUMNI RECEPTION &amp; DINNER</b> <i>For information or to RSVP, contact the WesternU Alumni Office at (909) 469-ALUM or alumni@westernu.edu</i></p>			

SUNDAY, MARCH 23, 2014					
<b>7:30 a.m. – 8:30 a.m.</b>					
<b>CANP CONTINENTAL BREAKFAST</b>					
<b>8:30 a.m. – 9:45 a.m.</b> In-Track Sessions	<b>A. Equianalgesic Dosing—It's Not Just About the Math</b>  <b>Speaker:</b> Mechele Fillman, MSN, NP  <i>Equianalgesic dosing of opioids can be an important part of patient care in the In-patient setting. The many tables available offer guidance but are confusing due to lack of standardization. Gaining knowledge of what other considerations are important will assist the practitioner in making confident decisions that provide the patient with pain management without dangerous side effects.</i>  <b>RX 30%</b>	<b>B. BRCA Risk Evaluation &amp; Management</b>  <b>Speaker:</b> Reena Haymond, MSN, FNP  <i>The goal of this presentation is to improve nurse practitioner knowledge of BRCA risk evaluation and management of women in accordance with clinical practice guidelines.</i>  <b>RX 5%</b>	<b>C. First Afebrile Seizure in Children &amp; Adolescents: Evaluation &amp; Management</b>  <b>Speaker:</b> Julie M. Sprague-McRae, MS, RN, PPCNP-BC  <i>Primary care nurse practitioners need to be skilled in identifying first-time afebrile seizure in children and adolescents. This presentation focuses on initial evaluation and management.</i>  <b>RX 5%</b>	<b>D. Risk Factors for Hypertension &amp; Diabetes Mellitus in Armenian Americans Living in Los Angeles</b>  <b>Speaker:</b> Zarmine Naccashian, PhD, GNP, RN, CDE  <i>Description not available at time of print.</i>  <b>RX 0%</b>	
	<b>8:30 a.m. – 11:30 a.m.</b> Workshop				
	<b>Ancient Practice - New Data. Explore the Wonders &amp; Health Benefits of Tai Chi &amp; Qigong</b> <b>Speaker:</b> Candace Elliott, FNP-BC, ACNP-BC, PMN-BC, SEP, Certified Qigong Instructor <b>RX 0%</b>				
	<b>10:00 a.m. – 11:15 a.m.</b> In-Track Sessions	<b>A. Improving Interpersonal Function Among Veterans with Depression</b>  <b>Speaker:</b> Robynn Cavaliere, RN, BSN, DNP Student  <i>This evidenced-based project evaluated the effectiveness of an Interpersonal Therapy (IPT) group in decreasing symptoms of depression and improving interpersonal functioning among Veterans with depression.</i>  <b>RX 0%</b>	<b>B. Anaphylaxis—Rapid Recognition &amp; Treatment</b>  <b>Speaker:</b> Kevin Letz, DNP, MBA, MSN, RN, CEN, AN-BC, FNP-C, PNP-BC  <i>Anaphylaxis is a serious allergic reaction that is rapid in onset and may cause death. Recognition and treatment strategies of anaphylaxis will be reviewed.</i>  <b>RX 60%</b>	<b>C. Agriculture Respiratory Disease: It's Not Just Down on the Farm</b>  <b>Speaker:</b> Kathy J. Morris, DNP, ARNP, FNP-C, FAANP  <i>Agricultural workers in California are exposed to myriad of respiratory contaminants that cause acute and chronic illness. This session discusses diagnosis, prevention and treatment of Agricultural Respiratory Diseases.</i>  <b>RX 0%</b>	<b>D. Tackling Obesity with Sensitive, Tailored Conversation</b>  <b>Speakers:</b> Margaret Crump, MPH Laura Slayton Med  <i>An overview of the ANPF recent white paper examining successful NP driven patient interventions for addressing obesity.</i>  <b>RX 0%</b>
