ASSOCIATION NEWS

Media Training for AB 890 – January 23, 2023

We hope you've seen the terrific media coverage on the BRN's adoption of the AB 890 regulations and positive impacts AB 890 will have in expanding access to care. We anticipate more interest from the press at the local level, especially as the law takes effect in January. (As a reminder, the regulations are now with the Office of Administrative Law pending final approval.)

In preparation, CANP will provide a Media Training at the January 23 Leadership and Grassroots meeting, focused on equipping chapter leaders with resources and best practices for fielding interview requests from your local news outlets, as well as key messaging/talking points when speaking to the press on behalf of CANP. It's a very exciting time and CANP's Public Affairs, Communications, and Media team members are here to provide guidance and ongoing support to you at every turn.

ICYMI, some of the recent news coverage:

- [Nurse practitioner requirements are changing, allowing them to practice without physician supervision](#)
CalMatters
- [We disagree with doctors' lobby, care from nurse practitioners should be expanded](#)
Op-ed by Southern California News Group Editorial Board via OC Register
- [Nurse practitioners gain autonomy to practice in California](#)
KCBS Radio

We look forward to discussing CANP's media efforts and strategies with you on January 23, 2023!

Connections

We encourage you to read the latest [November-December Connections](#) newsletter, which features:

- **[Environmental Health Organization Moves Nurse Practitioners into Action](#)**
NPs can bring environmental health awareness into their practice by starting or participating in a hospital green team that drives sustainability efforts. These may include waste reduction, and efficiencies in water, energy, or medical supply use.
- **[Legislative Update](#)**
November was a big month. The General Election took place and CANP secured a major victory with the BRN's adoption of the regulations to implement AB 890.
- **[California Voters Pass Prop 31, Supported by CANP to Ban Sale of Flavored Tobacco Products](#)**
CANP sponsored YES on Prop 31 passed overwhelmingly in November, effectively ending the sale of flavored tobacco products, and protecting younger generations from potentially fatal tobacco addiction.

Connections is CANP's electronic newsletter, published 11 times each year (with a joint November-December edition), and combines information about NP practice issues, news about important Association developments, and other topics of interest to CANP members. To submit article ideas for *Connections*, please contact CANP's Public Affairs and Communications Director, Virginia Drake, at virginia@canpweb.org.

Chapter Leadership & Grassroots Meetings

The goal of these meetings is to share valuable information and be an open line of communication between the statewide Association leaders and local chapter leaders. Information sharing is an invaluable part of CANP, and chapters are strongly encouraged to have at least one representative on these meetings.
