AB 890 Implementation

A major focus this year has been implementing AB 890, which became law of the land on January 1, 2023. CANP has worked diligently to support California nurse practitioners navigating the scope of practice changes and the technical process for becoming 103 NPs. Yet, challenges remain.

CANP is addressing implementation hurdles head on, including ongoing issues surrounding legacy certifications and the attestation process. You can support CANP's advocacy efforts to ensure AB 890 is implemented to the full intent of the law by lending your voice. We encourage you to share your experience – whether it was successfully becoming a 103 NP, or your application being declined by the BRN – and continue engaging with us in this process.

To do so, [please complete this short survey](#).

EVENTS

Annual Educational Conference

Are you registered for the [CANP 46th Annual Educational Conference](#), supported by NSO? The annual conference takes place Tuesday, March 19 - Thursday, March 21, 2024, at the Disneyland Hotel, Anaheim CA. CANP will also be offering an on-demand option for those who are unable to attend in person.

The Annual Conference agenda is official, and it's one for the record books. The topics on hand cover virtually every issue that we currently face – from street medicine to human trafficking, from diabetes to delirium, from medicinal cannabis to menopause care.

If it's information you need to be aware of, it's here. If it's an issue that affects your practice, it's here. And that's precisely why you need to be here, too.

We are pleased to highlight our General Session with a presentation by *New York Times* bestselling author and Stanford professor Laurel Braitman, who brings the healing art of storytelling to the medical world. Working with doctors and medical students who are facing record levels of burnout, she shows how the simple act of telling our own stories can help build community, improve mental health, and enhance the communication skills we need to make a real difference in our profession.
