

CANP Lobby Day 2021

Monday, May 24, 2021

9:00 a.m.

Welcome & Opening Remarks

Patti Gurney, MSN, NP-BC, CANP President

NP Advocate of the Year Award Presentation

Patti Gurney

Assemblymember Jim Wood

Liz Snow, Chief of Staff

CANP is thrilled to honor AB 890 champions, bill author Assemblymember Jim Wood and Chief of Staff Liz Snow, in recognition of their immense legislative, policy, and regulatory contributions. In a very special moment, CANP President Patti Gurney will present them with the *Nurse Practitioner Advocate of the Year* award in front of the Capitol on behalf of the organization. Wood and Snow's commitment to California nurse practitioners is limitless, effectively turning action into law during CANP's decade-long, hard-fought battle for full practice authority.

The View from Sacramento: Inside California Politics

John Myers, Sacramento Bureau Chief, *Los Angeles Times*

Marisa Lagos, California Politics and Government Desk Correspondent, KQED

Andrew Acosta, CANP Spokesperson (moderator)

Widely recognized as California's top political journalists - *Los Angeles Times'* Sacramento Bureau Chief John Myers and KQED's California Politics and Government Desk Correspondent Marisa Lagos - will give us an exclusive "View from Sacramento," leading a lively and insightful conversation on California politics moderated by CANP spokesperson and political consultant Andrew Acosta. With a Governor's recall election looming, redistricting, and new stimulus checks, there's a lot to talk about. What will become of California's thorniest political issues, including health care, as we emerge in a post-pandemic environment? And what will it mean for the legislative landscape?

Implementation of AB 890 & Priority Bills

Kristy Wiese, CANP Legislative Advocate

Alexa Curtis, NP-BC, CANP HPPC Co-Chair

Amy Ziegler, DNP, CANP HPPC Co-Chair

CANP's powerhouse Legislative Advocate, Kristy Wiese, who was instrumental in the passage of AB 890, will provide an update on the bill implementation status, as well as our advocacy efforts

on other pivotal legislation impacting NPs. Although AB 890 became law on January 1, 2021, there is more work to do. We are focused both legislatively and through the regulatory process to ensure that the full intent of the legislation is achieved. Health Policy & Practice Committee Co-Chairs, Alexa Curtis and Amy Ziegler, will also discuss other priority legislation that could impact NPs.

Learning to Lobby Virtually

Kristy Wiese

Kristy Wiese will lead attendees in an interactive training on virtual lobbying. The pandemic tectonically shifted how we engage with legislators in Sacramento. Virtual lobbying is here to stay, allowing greater opportunity to meet and connect more frequently with policymakers and their staffers.

Questions & Answers Session

Kristy Wiese

Kristy Wiese is one of the hardest-working lobbyists in all of Sacramento, and she has certainly been hard at work on our behalf this year. We covered a lot today – from the implementation of AB 890, to grassroots advocacy, to virtual lobbying, and more. We couldn't imagine a better way to close the show than for CANP members to ask Kristy your most pressing questions directly in a live Q&A.
